Game and Part Score Contracts. To make a game contract in bridge your side needs to win a minimum of 100 trick points. So, game contracts are

$$3 \text{ No Trump} = (40 + 30 + 30 = 100)$$

$$4 \heartsuit \text{ or } 4 \spadesuit = (30 + 30 = 30 + 30 = 120)$$

$$5 \clubsuit \text{ or } 5 \diamonds = (20 + 20 + 20 + 20 + 20 = 100)$$

Bonuses (for the contract you bid and make, are added to your trick point total)

Part Score contract bid and made +50 (regardless of vulnerability)

Game contract bid and made when **Not vulnerable** +300

Vulnerable +500
