

UCB after Opps overcall

A lowest level cue bid shows 4+ card support, 10+ hcp, and asks about strength of opening.

With a min. opening, opener rebids suit (even if only 4 cards) at the lowest level.

Any other bid describes hand and is a 1 round force. 2NT is natural with stop.

Raises after overcall are preemptive - single is 6-9 hcp, double weaker and shape.

Other bids are forcing. Jump cue asks NT stop. Bergen after 1M opening

UCB after our overcall

A lowest level cue bid shows 3+ card support, 10+ hcp, and asks about strength of overcall.

With a min. overcall (< opening bid), opener rebids suit at the lowest level.

Any other bid shows a feature and invites further competition.

Raises of overcall are preemptive. Other bids are constructive but not forcing.

Trial Bids

After a minor suit raise, a new suit is cheapest honour feature aiming for 3NT.

Without NT interest or with min. raise, responder returns to the minor suit

After a major suit raise, a new suit bid asks for support (Hon or shortness).

With support (but not min) or a max. raise, responder should bid game.
